OWNERSHIP OF THE ADD-A-STEP® TRADE MARK REGISTRATION AND GOODWILL FOR THE INDUSTRIAL STEPS AND LADDERS PTY LTD UK BUSINESS

Industrial Steps and Ladders Pty Ltd has successfully reached agreement with Advanced Building Composites Limited for the ownership of the ADD A STEP UK Trade Mark Registration No UK00003042269 (including the associated goodwill).

Industrial Steps and Ladders Pty Ltd and Advanced Building Composites Limited formed an arrangement in 2007 where Advanced Building Composites Limited had the right to distribute the Industrial Steps and Ladders Pty Ltd "ADD-A-STEP® Modular Ladder System" into the UK and Ireland markets.

The Agreement between Industrial Steps and Ladders Pty Ltd and Advanced Building Composites Limited was terminated in May 2013.

In January 2014 Industrial Steps and Ladders Pty Ltd appointed R&B UK JT Limited as the distributor for the Industrial Steps and Ladders Pty Ltd "ADD-A-STEP® Modular Ladder System" and associated ADD-A-STEP® range of products.

Industrial Steps and Ladders Pty Ltd only manufacture the ADD-A-STEP® Modular Ladder System in three colours with every ladder being packed in boxes marked with Industrial Steps and Ladders and the company Logo, and every ladder stile marked ADD-A-STEP® MODULAR LADDER SYSTEM. The colours are;

1. Yellow – approved and suited for all sewer and stormwater applications
2. Blue – approved and suited to potable water applications
3. Black – approved and suited to external building applications

Industrial Steps and Ladders Pty Ltd developed the ADD-A-STEP® Modular Ladder System in Australia in 2002. We now have a fourteen year history with this product. Our company conducts stringent batch testing of all production in accordance with our QA Management System which is audited annually by Bureau Veritas Certification (an internationally recognised third party audit body). The ADD-A-STEP® Modular Ladder System has BS EN 14396 Certification.
